

RESEARCH POSITION OFFER IN THE AREA OF WIND ENERGY

The Center for Energy Research of the Universidad Nacional Autónoma de México, UNAM (National Autonomous University of Mexico), invites applications for a Titular Researcher position in the Area of Wind Energy. The Center for Energy Research is an international center of excellence on development of renewable energies, which is located in the city of Temixco, Morelos (Mexico).

Candidates should hold a Ph.D. Degree in Mechanical Engineering, Physics or a related area, as well as a knowledge and/or experience to carry on research on:

a) Development of methodologies and techniques to evaluate wind energy resources through the identification of zones with potential. Also, he/she should be able to develop tools to do short and medium term wind forecast.

b) Design of wind and system integration projects is also desirable.

The researcher will teach at least one course per year on wind energy either at undergraduate or graduate level.

Salary

The salary will be equivalent to a Titular Researcher “A” (in Spanish: Investigador Titular “A”) at UNAM in Morelos State. Monthly base salary is about 23,836.10 Mx Cy + complement depending on merit.

Interested persons should contact to: Dr. Edgar Santoyo, Academic Secretary, CIE-UNAM (<http://www.cie.unam.mx>); sacad@cie.unam.mx; Tel +52 (55) 56229721.

Deadline for submitting applications: 15 April 2012
