

RESEARCH POSITION IN THERMAL ANALYSIS OF BUILDINGS

The Thermal Sciences Department of the Center for Energy Research of the National Autonomous University of Mexico (CIE-UNAM) (<http://www.cie.unam.mx>) invites applicants interested in working in the field of thermal analysis for the design of low energy buildings for an annual contract as Associated Researcher (Investigador Asociado C), beginning the first semester of 2010. The CIE-UNAM is dedicated to research in renewable energy for a sustainable development. Candidates must hold a PhD. in Mechanical Engineering or a closely related field and have experience in fluid and heat transfer numerical simulations. Additionally programming skills, interest in code development and the ability to interact with graduate students are required.

Applicants must e-mail a cover letter describing the candidate's qualifications for the position, curriculum vitae, copy of publications and names of three references to Dr. Raúl Rechtman, rrs@cie.unam.mx. Review of applications will end by November 15 of 2009.
